

2019 10th International Conference on Chemistry and Chemical Engineering (ICCE 2019)
Oxford, the United Kingdom
July 22-24, 2019

Conference Introduction

2019 10th International Conference on Chemistry and Chemical Engineering (ICCE 2019: <http://www.icce.org/>) will be held in Oxford, the United Kingdom during July 22-24, 2019.

It provides an opportunity for the delegates to meet, interact and exchange new ideas in the various areas of Chemistry and Chemical Engineering. ICCE 2019 aims to proclaim knowledge and share new ideas amongst the professionals, industrialists and students from research areas of Chemistry and Chemical Engineering to share their research experiences and indulge in interactive discussions and special sessions at the event.

Good News

1. Publication

International Journal of Chemical Engineering and Applications (IJCEA, ISSN: 2010-0221), which can be indexed by Chemical Abstracts Services (CAS), Ulrich's Periodicals Directory, CABI, DOAJ, Electronic Journals Library, Google Scholar, Engineering & Technology Digital Library, ProQuest, and Crossref.

2. Famous professors as Speakers

Prof. Ewa Dluska, Warsaw University of Technology, Poland;
Prof. Ferda Mavituna, The University of Manchester, UK;

3. Academic Visit

There will be a one-day visit in Oxford on July 24, 2019.

Important Dates

Paper Submission	March 5, 2019
Notification of Acceptance	March 25, 2019
Registration	April 20, 2019
Conference Dates	July 22-23, 2019
Academic Visit	July 24, 2019

Call for Papers

Topics of interest for submission include, but are not limited to: **Chemical, Environmental, and Process Engineering** -- Environmental engineering and sustainable development; Process design and optimization; development and economics; Process intensification; Nanotechnology; New materials & structured products; **Systematic Methods and Tools for Managing the Complexity** -- Multiscale modeling; Process synthesis & design; Process control & operations; Process Safety Management; Supply chain management & business decision support; Advances in computational & numerical methods; Safety & risk management systems; **Chemistry and Chemical Engineering Fundamentals** -- Chemical engineering educational challenges and development; Physical, Theoretical and Computational Chemistry; Chemical engineering fundamentals; Chemical reaction engineering; Chemical engineering equipment design and process design; **Integration of Life Sciences & Engineering** -- Biotechnology applied to production of new and better quality food; Biochemical Engineering; Biotechnology; Product Engineering in the Bio Industries; Physical chemistry and thermodynamics for life sciences and biotechnology; **Multi-scale and/or Multi-disciplinary Approaches** -- Process system, instrumentation and control; Product engineering and product development; Product design & innovation; Nanomanufacturing; Controlled release of the active ingredient; Energy & nuclear sciences and other related fields. (For more information, please visit <http://www.iccea.org/cfp.html>)

Submission Methods

- Submission System:
<http://confsys.iconf.org/submission/icce2019>
- Conference Email Address: icce@cbees.org
